

Tourism/Travel Internship at a Tour Operator in Los Angeles, CA

Host Company ID: I-0420031

Internship Duration: 12 months max.

Compensation: Paid internship

Company:

We offer the industry's leading product line of Visit USA programs, discovering new destinations and finding the ideal tour selection for both first-time as well as for repeat visitors. To our many classic motor coach tours like "Eastern Discovery," "Western Discovery," or "Western Highlights," we have added "New England and Atlantic Canada," more Hawaii combinations, as well as Holland America Line's award-winning cruise ships. Our flexible DriveAmerica concept offers more choices than ever before in designing individual tours.

Internship Position:

The intern or trainee will be learning about operations, motor coach tours, and customer service for passengers who are on the road. This is a great place for them to learn the basics of tourism for a tour operator. They will deal with "real world" situations that arise while passengers are on the road, and learn about booking and planning tours.
